## The DEGREE Countertop Water Cooler

The very popular and beautiful Degree Countertop bottleless water coolers comes in Stainless Steel with Black Trim or an all Black Metal . With a polished and sleek cabinet, the Degree adds a perfect and yet subtle hint of flair to any interior room environment, whether an executive office or residential kitchen. Compressor cooled for high capacity refrigeration, the Degree has an adjustable cold water thermostat and convenient push button faucets. Included with each Degree bottleless unit is a high capacity filtration system. Bottleless systems are simple to install and are tremendously efficient, offering excellent drinking water at a fraction of the cost of bottled water. It takes only 15 minutes to install using your water line and following our simple step-by-step instructions (no tools required).
