

Bottled Water Cooler

PACIFIC TOUCHLESS

The Pacific is an ultra modern cooler equipped with the latest technology, including our new "touchless" design with foot pedal activation and a shrouded high-flow dispensing valve. The Pacific Touchless Bottled Cooler features compressor cooling for high capacity refrigeration and a well insulated stainless steel reservoir. This commercial grade water cooler has an adjustable cold water thermostat for ice cold refreshment and comes with a built-in no-spill system to make changing bottles even easier. Fits industry standard 3 & 5 gallon round plastic water bottles.. The cabinet is very strong and durable molded polyethylene, proven to be highly scratch and dent resistant. Great tasting Ice cold water for customers and employees can now be offered safely and efficiently!
